**The International Federation of Library Associations and Institutions (IFLA)** is the leading international body representing the interests of library and information services and their users. It is the global voice of the library and information profession.

**The Technology & Social Change Group (TASCHA)** at the University of Washington Information School explores the design, use, and effects of information and communication technologies in communities facing social and economic challenges. With experience in over 50 countries, TASCHA brings together a multidisciplinary network of researchers, practitioners, and policy experts to advance knowledge, create public resources, and improve policy and program design.

This report is funded by a grant from the Bill & Melinda Gates Foundation.
